NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2011 AND 2010

Note A - Organization and Nature of Activities

Access Now, Inc. ("Access Now") is a global movement for digital freedom that focuses on public awareness projects intended to educate the general public around the world on matters of digital freedom, internet access and internet security rights.

Access Now, Inc. is a not-for-profit organization incorporated in the state of California and has applied for income tax exemption with the Internal Revenue Service under Section 501(c)(3) of the Internal Revenue Code. The application is pending as of the date of this report.

Note B - Summary of Significant Accounting Policies

Basis of Accounting

Access Now prepares its financial statements using the accrual basis of accounting. Access Now follows accounting principles generally accepted in the United States of America ("US GAAP") which include certain specialized requirements set forth in publications of the Financial Accounting Standards Board.

Cash and Cash Equivalents

Access Now considers all highly liquid investments with a maturity of less than three months to be cash equivalents.

Restricted Contributions

Contributions are recognized when the donor makes a promise to give to Access Now that is, in substance, unconditional. Contributions that are restricted by the donor are reported as increases in temporarily or permanently restricted net assets depending on the nature of the restrictions. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets.

Conditional Contributions

Conditional promises to give are recognized when the conditions on which they depend are substantially met.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Property and Equipment

Property and equipment are stated at cost, less accumulated depreciation and amortization. Depreciation and amortization is provided for in amounts sufficient to relate the cost of depreciable assets to operations over their estimated useful lives. Access Now capitalizes property and equipment with a useful life of two years or more and a cost of \$1,000 or more.

Program Income

Represents registration fees at a conference presented by the Organization.
